Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at this office as soon as proof is made thereof.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.
Experience has shown that two thirds if not three fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by taking this alone.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

Of these are Falling of the Womb, or Prolapsus Uteri, Fluor Albus, or Whites,—Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage or Flooding, Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C ORRICK, M D,
Baltimore, Md
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M D.,
July 8th, 1854 New Philadelphia Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D Y FOOTE, M D,
Syracuse N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly respectable Physicians, who have used it in their practice, and speak from their own observations.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings (all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c, from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.
Experience has shown that two thirds if not three fourths of all the fires that occur are upon stores, taverns, mills shops, and such like property. In this Company all such property is rejected POSITIVELY by TAKING THEM ALONE.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of Insurance.

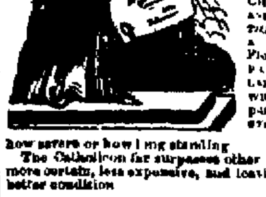
DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended, usually called *Female Complaints.* Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites;—Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c, with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C ORRICK, M D,
Baltimore, Md
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M D.,
July 8th, 1854 New Philadelphia Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D Y FOOTE, M D,
Syracuse N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

FROM OUR NEW YORK CORRESPONDENT.

New York, March 13

[illegible] Sunday was the theatre of a man[illegible] anything I have ever witnessed, [illegible] for some two or three redeeming [illegible] would be most ominous—which [illegible] allowance, is most ominous. A [illegible]—not worse, nor better than [illegible] of a long series of brawls [illegible] and his faction, and others of [illegible] another faction, was trampled [illegible] assassinated in the most brutal, cow[illegible] and pre-concerted manner, [illegible], all well-known as bullies [illegible] the city authorities and police, [illegible] carry out their purpose with [illegible], with what is now the pet instrument [illegible], the revolving pistol, a *weapon* [illegible] concealed and *imminently deadly*. [illegible] most *blood-thirsty of the as*[illegible] *arrested*, but the one has *es*[illegible] *connivance*, almost certain[illegible] associates of the police [illegible] within a few weeks, he was [illegible]. The victim, after lingering [illegible] between life and death, finally sank, [illegible] obsequies were celebrated, as [illegible] those of any public man in my [illegible] have seen those of Jefferson, the two [illegible], De Witt Clinton, Webster, Clay.— [illegible] the streets of New York yesterday, [illegible] pageant, not less than *One Hun*[illegible] *People*—in the procession itself [illegible] *five or six thousand*, unarmed (ex[illegible] at least) well-dressed, respectable look[illegible], with plumed hearse and draped banners [illegible] music, and all the pomp of woe— [illegible] department and "the out[illegible]" may witness, the reality of grief. [illegible] of New York, born and living here, [illegible] long column in vain to find there [illegible] on like public occasions —[illegible] public honors, or public [illegible] confidence; any eminent at the [illegible] or the *Mechanic Arts*—and [illegible] *many of them familiar*, the [illegible] *decorous and orderly*, and they [illegible] whole *length of Broadway*, from [illegible] to the Battery, nearly two miles, [illegible] Sunday, when the thronged thoroughfare [illegible] was clear and unobstructed [illegible] omnibuses, nor private car[illegible] seen, through dense and continuous [illegible] each side, of as well-dressed, [illegible] apparently sympathizing men [illegible] city in the world holds—and [illegible] to the last stage in the long procession [illegible] ebullition of feeling, no clamor, [illegible], nay almost a deadly con[illegible] interest and absorption of feeling [illegible] unspeakably that the very depths of the [illegible] were stirred.

[illegible] now what called forth this fearful, this al[illegible] demonstration? *It was only the* [illegible]—a man of violent and dis[illegible] however, without some traits of [illegible] feeling. But he was an *American* and the *leader of the gang* which as[illegible] an *Irishman*, and *in the present* [illegible] state of political feeling, this con[illegible] gladiator into a demi-God, and the [illegible] and personal resentments, [illegible] matter for his country. The deceased him[illegible] to the affair when, with his expi[illegible] he said: "I die a true American [illegible] by the Irish." He was an active [illegible] new order, and consequently that [illegible] thus given and in all their [illegible] their *regalia*, turned out at the [illegible] only just to say that a finer [illegible] men, young, orderly, of solemn [illegible] unmistakable aspect and pur[illegible] seen. They constituted the [illegible] procession and they are young mechanics and workmen, *earning* their [illegible] by honest labor *and persistent* industry [illegible] moved to such a demonstration [illegible]. There must have been great [illegible] great abuse on the part of the foreign [illegible] population, before feelings such [illegible] crowd yesterday could have been [illegible] spread, or so deeply seated. Such wrongs undoubtedly there have been, but the re[illegible] for them lies far more at the door of [illegible] party leaders, and party men, [illegible] the foreigner. It is American [illegible] parties alike, who make ap[illegible], as Irishmen, to Germans, as [illegible] Frenchmen, as French—and not to [illegible] as what they ought to be, as what they [illegible] Americans. But the consideration of [illegible] away at present from my [illegible], though I may in a future letter [illegible] treat it at some length.

[illegible] to the funeral. This American el[illegible] largely into the demonstration.— *The* [illegible] was the redeeming element of the up[illegible] manly impulse and feeling against [illegible] a murder. The victim de[illegible] the fatal quarrel with marked [illegible] the calmest courage. He per[illegible] the extent of his peril, and under [illegible] even to the tamest spirit, he maintained his self-command, resolving not to [illegible] protest, even by the most legitimate [illegible] defence, for the deadly attack of [illegible] saw before him all the evidence. But [illegible]—he kept his position like a brave [illegible], without flinching, the deadly aim [illegible]. There is fascination in bra[illegible] the sporting-men, all the young [illegible] and multitudes of others, [illegible], appeared in the procession [illegible] far this may be regarded as a public protest against the foul "damnation of his taking off"?

But then, what shall compensate for the inverting of [illegible] notions of right and wrong—of [illegible] as self-rewarding, as of vice as self-condemning—occasioned by such a pageant as that of yesterday? How shall we explain to our children to our young people who read of this remarkable demonstration (which emptied so many churches and disturbed many that it did not quite empty) the why and the wherefore of a murdered gladiator's funeral surpassing in all the emblems of respect and woe, the obsequies of men who have lived and died for virtue, for country and for God? It is a fearful question—one can't [illegible] think of the procession of yesterday, its causes and its possible consequences, without a shudder.

ASSEMBLY—A resolution was introduced by Mr. Van Nostrand, for a *committee to report* a bill for disposing of the Swamp Lands. Lies over.

Mr. Ross, from Select Committee, reported a bill *making all colleges in actual operation branches of the* University, and distributing the fund. Also distributing 1-10th of the school fund to *Academies*.

Bills passed:
Providing for an additional term of Circuit Court in Waukesha Co.
Charter of Wauwona Academy.
Amending Chap. 41 R. S. concerning recording town plats.
Amending act for dam across Baraboo river.
The Temperance Bill came in from Senate, and after a fiery, a motion to suspend the rules to consider it was lost, 36 to 21, not two thirds.
A communication was read from Mr. Proudfit, Lunatic Asylum contractor, *proposing* to compromise.

After being in Committee, a bill passed to pay officers; and the subject of Joint Investigating Committees was made special order for Wednesday next.

THE NEW BOUNTY LAND ACT.—As a matter of interest to a good many of our readers in this State we publish this morning the new Bounty Land Act, with the circular and forms from the Commissioners' office, pointing out very clearly who are entitled to the benefits of the bill and what steps are necessary to obtain the warrants.

RESULTS OF THE "RECIPROCITY."—The Rochester *Union* notices that a number of Rochester Millers and wheat buyers are in Toronto operating. The *Globe* of March 14th says that $1 64 was paid for wheat on Saturday, the highest figures yet.

ROCHESTER MARKETS, Feb. 13.—Wheat comes in slowly; but we quote as before at 10s, and firm *at these figures.*

Flour has advanced 2s. and now sells at $11 00 for best Genesee, which is scarce. Most that is now offered is probably made from Canadian wheat.

Potatoes are a trifle higher, range from 6s to 8s in the streets.—[Union.

INDIANS AT WASHINGTON.—At Washington they have had *a delegation, for the past month, of the Chiefs of the Chippewas and Winnebago Indians*, who have just concluded a treaty for the *disposal of their lands west* of Lake Superior.—*They had a* interview with the President and Commissioner of Indians Affairs, on Friday week, when *Flatmouth*, a Pillager Chippewa, told the President "that two great men there met, that the whites were often accused of cheating the Indians, but that this time the Indians had cheated the Commissioner; for they had sold him a tract of land for a good deal of money, which was worth but little." At this the President and Commissioner laughed heartily, and Chiefs took their departure, well pleased with their interview with Great Father.

☞ The *News* of yesterday announces the withdrawal of DANIEL SHAW, Esq., the Associate Editor, who has received and accepted the appointment of Register of the Land Office in this city, and the accession, as part proprietor and editor, of Mr. CHARLES S. BENTON, late of Herkimer county, New York. Mr. SHAW has fairly earned, by long and faithful service, the office for which he exchanges the editorial chair, and will, we hope, find the exchange both pleasant and profitable. Mr. BENTON, who takes his place, is a genial gentleman, and brings with him, to his new Western home, all the qualifications *to* make friends and fortune. We wish him abundance of both.

BLUSTERING WEATHER.—Yesterday was a "raw and gusty" specimen of March weather. The wind blew stiffly from the west, and the air was filled with flurries of snow, alternating with occasional gleams of sunshine. The mercury was several degrees below freezing point, and the sleighing quite good, and but for the positive averments of the Almanac, *nobody would* have believed *that it was the 19th day of March*, the *first month of Spring.*

DESTRUCTIVE FIRE.—A great part of the village of Bath, Steuben County, New York, was destroyed by fire on Monday of last week. The fire was still raging when the Express messenger left, having swept off many of the buildings on Liberty and Orchard Streets.

The Beaver Dam *Republican*, an excellent democratic newspaper, has recently been enlarged to an eight column sheet.—[Fond du Lac Union.

The *Republican* is a good newspaper, but we cannot concur with the *Union* in styling it an "an excellent *democratic*" paper, while its editor continues his sympathy with law-violators, and aids in propagating the *pestilential* heresies of abolitionism.—[News of yesterday.

Clearly not. None but those who believe in the "peculiar institution"; swear by "Pierce and Nebraska" and sustain the Fugitive Slave Act, have any right or title to the name of *Democrat*. All these are *bogus*—so say, at least, the leaders and organs of the "National Democratic" Party.

☞ Dr. Castleman, the new Regent, the *Sentinel* says, is a Republican. That may be, but he is one of the *rational* sort.—*Wisconsin.*

Unquestionably he is, assure most Republicans. Having corrected its blunder as to Dr. Castleman, we suggest to the *Wisconsin*, that it now do the same by Mr. N. W. Dean, whom it set down as a "democrat."

"KNOW NOTHING" SYMPTOMS.—The *Wisconsin's* semi-occasional Madison correspondent, the editor of the Madison *Democrat*, thus hurrahs over New Hampshire:

Metcalfe, the Governor elect, was formerly clerk of the House—a staunch Democrat, and an inveterate enemy of the Pierce administration.—*His opposition to Pierce & Co.* nominated and elected him; *nine cheers for the unterrified democracy of the old Granite (my not so) State.*

Are "Barstow and the Balance" going to try the "Know Nothing" dodge? !

WHAT A SPRING.—To-day is the 19th day of March. The air is bleak and wintry, and the sleighing is good. On Saturday, runners would slip as well as any day during the past winter. *Wisconsin* was never before known to have good sleighing so late in the Spring.—Wisconsin.

Twelve years ago, on St. Patrick's day, the snow lay two or three feet in depth and the mercury marked three or four degrees *below* zero, in what was then the little village of Milwaukee.

The News should also bear in mind that Mr. Cross, the Mayor elect, was known to have no better opinion of Pierce than the honest democrats of New York or New Hampshire.[—Wisconsin.

Does the *Wisconsin* intend by the "honest democrats" those who stuck to the party and voted for the "regular ticket," or those who bolted and voted for the Know-Nothing, Whig, or Free-Soil nominees?

NEW ROUTE.—Mr. Lewis J. Day, who has just returned from the east, where he has been making arrangements for boats the coming season, informs us that two first class boats will be put on the route, as soon as navigation opens, between this city and Collingwood.—[Green Bay Advocate.

THE NEW BOUNTY LAND ACT.

PENSION OFFICE,
WASHINGTON, March 5, 1855.

The act entitled "An act in addition to certain acts *granting bounty land* to certain officers and soldiers who have been engaged in the military service of the United States," approved March 3, 1855, entitles each of the surviving persons in the following classes to a certificate or warrant for such quantity of land as shall make, in the whole with what he may have heretofore received, one hundred and sixty acres, *provided he shall have served* a period of not less than fourteen days, and shall establish said service by record evidence, to wit:

1. Commissioned and non-commissioned officers, musicians, *and privates*, whether of the regulars, volunteers, rangers or militia, who were regularly mustered into the service of the United States in any of the wars in which *the country* has been engaged since 1790.

2. Commissioned and non-commissioned officers, seamen, ordinary seamen, marines, clerks, and landsmen in the navy of said wars.

3. *Militia*, volunteers and State troops of any State or Territory called into military service, and regularly mustered therein, and whose services have been paid by the United States.

4. *Wagonmasters* and teamsters who have been employed, under the direction of competent authority, in time of war, in the transportation of military stores and supplies.

5. *Officers* and soldiers of the revolutionary war.

7. Chaplains who served with the army in the several wars of this country.

7. *Flotilla-men* who served the war of 1812.

Each of the surviving persons in the following classes are entitled to a like certificate for a like quantity of land, *without regard* to the *length of service*, provided he was regularly mustered into service, and shall establish the same by record evidence, to wit:

1. Officers and soldiers who have been actually *engaged in any* battle in any of the wars in which this country has been engaged.

2. Those volunteers who served at the invasion of Plattsburg, *in September* 1814.

3. The volunteers who served at the battle of King's Mountain in the revolutionary war.

4. The volunteers who served at the battle of Nickojack against the *confederated savages* of the South.

5. The volunteers who served at the attack of Lewiston, in Delaware, by the British fleet, in the war of 1812.

In addition to these classes, this act also extends to all Indians who have served the United States in any of their wars the provisions of this and all the bounty land laws heretofore passed, in the same manner and to the same extent, as if said Indians had been white men.

Where the service has been rendered by a substitute, he is the person entitled to the benefit of this act, and not his employer.

In the event of the death of any person who, if living, would be entitled to a certificate or warrant as aforesaid, leaving a widow, or, if no widow, a minor child or children, such widow, or if no widow, such minor child or children, is entitled to a certificate or warrant for the same quantity of land such deceased persons would be entitled to *receive* under the provisions of said act, if now living.

A subsequent marriage will not impair the right of any such widow to such warrant, *if she be a widow at the time of her application.*—Persons within the age of twenty-one years on the 3d of March, 1855, are deemed minors within the intent and *meaning of said act.*

To obtain the benefits of this act, the claimant must make a declaration, under oath, substantially according to the forms hereto annexed.—The signature of the applicant must be attested, and his or her personal identity established by the affidavits of two witnesses, whose residence must be sustained by the certificate of the magistrate before whom the application is verified.

No certificate will be deemed sufficient in any case, unless the facts are certified to be within the personal knowledge of the magistrate or other officer who shall sign the certificate, or the names and places of residence of the witnesses by whom the facts are established be given, or their affidavits, properly authenticated, be appended to the certificate.

The official character and signature of the magistrate who may administer the oath must be certified by the clerk of the proper court of record of his county, under the *seal of the court.*—*Whenever the certificate* of the officer who authenticates the signature of the magistrate is not written on the same sheet of paper which contains the signature to be authenticated, the *certificate must* be attached to said paper by a piece of tape or ribbon, the ends of which must pass under the official seal, so as to prevent any paper from being improperly attached *to the certificate.*

Applications in behalf of minors should be made in their names by their guardian or next friend. Where there are *several minors entitled to the same gratuity*, one may make the declaration. The warrant will be issued to all jointly. In addition to proof of service, as in other cases, the minor must prove the *death of his father*, that *no widow survives* him, and that he and those he represents are the only minor children of the deceased.

If a party *die before the issue of a warrant* to which he would be entitled, if living, the right to said warrant dies with him. In such case, the warrant becomes void, and should be *cancelled*, and the party next *entitled in right* of the service claimed should make an application; and if there be no such party, the grant lapses under the limitation of the beneficiaries to the bounty. If the claimant die after the issue of the warrant, the title thereto vests in his heirs at law in the same manner as real estate in the place of the domicile of the deceased, and can only be assigned or located by said heirs.

Applications made by Indians must be authenticated according to the regulations to be prescribed by the Commissioner of Indian Affairs.

L. P. WALDO,
Commissioner of Pensions.

CITY MATTERS.

Police Court---March 19.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

CROSS SWEARING.—A man named John Lundy was tried for an assault and battery on Edward McGrath on the 14th March, and acquitted. The complainant's witnesses testified to a most brutal attack (if true) by Lundy upon McGrath with a hand-saw. The face of the complainant had been cut and slashed with some weapon; these witnesses stating that McGrath at the time he was attacked had a drawing-knife in his hand, and told Lundy that he could cut his head off, but that he was an old man and had pity on him, and that McGrath ordered Lundy to leave his premises before a blow was struck. The defense then called a witness, who testified that McGrath struck the defendant first, two blows with the drawing-knife, knocking defendant down. The court stated the evidence was *too conflicting* to permit a conviction; there was *a reasonable* doubt at least, and the defendant was entitled to the benefit of it, and must be discharged.

A warrant was issued against Christian Riemenshneider for assault and battery upon August Riemenshneider on the 18th of March. The defendant was in jail arrested by officer Kessler.

In the afternoon the defendant was tried and being found guilty, was fined ten dollars and costs.

A warrant was issued against Thomas McIntyre, for an assault and battery upon Margaret Powderly on the 17th of March. The defendant was arrested in the afternoon and taken to jail by officers Lienhart and Meyers.

Fire Department Election.

The Annual Election of Chief Engineer, Assistants and Fire Wardens of the Milwaukee Fire Department came off last evening at Young's Hall. There was a very full turn out of the members, and a spirited contest for Chief Engineer, two ballots being required to effect a choice. The officers selected for the current year are—

Chief Engineer—S. S. DAGGETT.
1st Asst.—J. O. Goodrich.
2d do—Jos. Sprague.
3d do—E. H. Greenleaf.

Fire Wardens.

FIRST WARD—R. O. Jacks, N. Ludwig.
SECOND WARD—Chas. Chichester, L. N. Dewey.
THIRD WARD—Frank Davlin, John H. Ryan.
FOURTH WARD—Chas. Bierbach, T. Reed.
FIFTH WARD—R. Eddy, D. F. Tompkins.

CASE OF DESTITUTION.—A girl about seventeen years of age, a German by birth, was found by officer Kessler sitting on the steps of a door about 3 A. M. yesterday and taken to jail. The officer states that she was nearly frozen and that as far as he knows, has no relative in the city, and is destitute of any home and has slept in the streets for several nights.

MUSICAL SOCIETY CONCERT.—Our Musical Society give another of their popular concerts at Young's Hall *this* evening. The programme will be found in our advertising columns. Members can obtain their tickets and pay their dues, at NIEDECKEN'S, next door north of the post office, or POST BROTHERS. Those desirous of becoming members, can apply at the same places. Our Musical Society is one of those home institutions which deserve the liberal support of the people.

NEW MAP OF OUR COUNTRY.—We saw yesterday a new, large and handsomely colored map of North America, upon a canvass six feet square, conveniently mounted for hanging up in School Rooms, Offices, and Libraries, compiled from the best authorities by Gaston & Johnson, and embracing very complete statistics of the United States. A cursory inspection impressed us very favorably with the arrangement and execution of this map. The Agent, Mr. A. N. DYER, is now canvassing our City and County for subscribers, and *as no* copies can be had except from him, those who wish a *good* map of the United States will do well to profit by this opportunity of obtaining one.

NEW PUBLICATIONS.—Archibald Wilson, at 175 East Water Street, is in receipt of a number of new publications and among them No. 4 of "Harper's Story Books," a very popular work with the little people.

WOOD.—The severe storm of yesterday had a sensible effect upon the wood market. Wood which on Saturday of last week could have been bought for $3 per cord, sold for from $4,75 to $5. The price of sawing also went up in proportion.

DISTINGUISHED DEPARTURE.—The old Steam Engine and boiler that have run the presses connected with the *Sentinel* office for several years left on the cars yesterday *morning* for the interior, to be *set up* and let off steam; we hope to as good purpose, and as regularly and faithfully as when in the *Sentinel* office.

NEW STORE—NEW GOODS.—Messrs JACKSON & LUXTON open the new and elegant store, 146 U. S. Block, on Thursday next, with a large and choice stock of Spring Goods. See their advertisement.

☞ The Steamer *Superior* returned from the north yesterday, and ran into the mouth of the river, where she was still lying last evening.

☞ No boat *from Chicago yesterday*, the wind blowing hard all day and at times rising to the dimensions of a small hurricane.

For the Sentinel.

Paupers from Abroad.

In the *Sentinel* of the 19th, under head of "Police Court," is noticed a case of a woman with a young child, soliciting alms; and upon enquiry, it was found that this woman had been sent to Milwaukee from Chicago, free of charge, or that the passage money had been supplied her. If the statements of such persons are to be relied upon, there have been at least *one hundred* such cases within the last nine months, applying for aid at the Office of Superintendents of Poor—sent here (according to their stories) from other cities, their passage money being supplied them. The suggestions of the *Sentinel*, that the authorities should look to this matter, ought not to be overlooked.

X.

A BIG FISH STORY.—Speaking of fish, we learn that Geo. Pease, of Green Island, [opposite Menomonee,] caught, *in one day*, last week, with *one hook and line*, seven hundred and ninety-one fish, trout. If any of our fishermen can beat that, they can take Mr. Pease's boat hat, and he will try again.—[Green Bay Advocate.

COMMERCIAL.

REVIEW OF THE MARKETS,
FOR THE WEEK ENDING MARCH 20th

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, March 20, 1855. }

RECEIVED BY RAIL ROAD, DURING THE WEEK—12,605 bus wheat, 1,038 do barley, 482 do rye, 341 do corn, 239 do oats, 1,555 bbls flour, 48 do highwines, 28 do pork, 126 hogs, 20 tons pig iron

The state of the weather and the condition of the roads during the past week, has restricted receipts of produce and though the market has not undergone any material variation, transactions have been limited. The principal changes since our last Weekly Review are in Wheat and Barley, which have slightly declined whilst Rye, Oats and Corn are somewhat higher. The weather continues wintry and we have had one or two snow-storms, of very respectable dimensions, during the week. This is all propitious, however, to the winter grain, which is in the finest possible condition and promises an exuberant yield. Our River is still clogged with ice, but the Lake is open and navigation has been resumed; the first steamboat from Chicago arriving here on the 15th inst., 43 days later than last year. It is not supposed that the Straits at Mackinac will be open till late in April, or that vessels from Buffalo can get round here before May. The season will open with high freights, since there is a large accumulation of Grain, Flour and Pork at the different ports on Lake Michigan, ready to go forward, and a limited number of vessels here to take it.

At Detroit, the *Democrat* reports in store there, 60,000 bbls Flour, 13,500 do Beef, Pork and Lard, 68,514 bush wheat, 68,000 do Corn, 35,000 do Oats. At the ports on Lake Erie, there is little or nothing to go forward, Cleveland, instead of exporting, being obliged to import Breadstuffs for home consumption this Spring. On Lake Ontario, a brisk business is anticipated in consequence of the Reciprocity Act, and large quantities of Canadian Wheat and Flour are already finding their way to the New York Market and the Rochester Mills.

Much speculation is afloat as to the effect of the recent foreign news upon the Breadstuff market. Many see in the death of the Emperor of Russia the sure precursor of Peace, while others regard Peace as still remote. It is not likely, however, in either event, that the New York Market will have undergone a very great change before next harvest, since the supply in this country is barely sufficient to meet the demand, and high prices are likely to endure some time longer, whether the Foreign demand ceases or continues.

The New York Money Market is still improving.—Stocks are rising steadily, money is abundant at reasonable rates, and Rail Road securities are once more negotiable. As an evidence of this, we learn that the Green Bay, Milwaukee & Chicago R. R. Company have just succeeded in negotiating their first mortgage bonds $400,000, on favorable terms.

The Western Rivers are all open and rising rapidly, and it is reported that the Illinois Canal will be opened in a very few days. An active business season is anticipated. We note the leading features of our market.

FLOUR—About 2100 bbls have been manufactured at the Mills and 1500 were received by Rail Road during the week. Market quiet and unchanged.

WHEAT—Prices for inferior and good spring have given way a little since last week while prime white winter, which is scarce, remains very firm. The range has been 1,28a1,32 for club, 1,35a1,42 for red winter, 1,45a1,50 for white.

BARLEY—Demand not so active and ordinary qualities difficult of sale at over 90a93 cents. Some prime lots have brought $6a1,00.

OATS—Scarce and much wanted, 38a40 cts being freely paid by retail dealers.

RYE—Continues in good demand at steady rates, with sales of small lots at 87½a92.

CORN—Very moderate receipts and readily taken at 48a53 cts.

PORK—What few hogs come in are mostly taken for butchers' use and $4,75a5,00 paid for fair to good ones. Mess is held firmly at $13,00.

BEEF—Good fat cattle meet with ready sale at $4,50 per hundred on the hoof, and are scarce. Mess beef is worth $12,00

Mexican Mustang Liniment.

The new discoveries and new affinities that medical chemistry is constantly adding to medical science and the healing art, show conclusively how greatly superior the new combinations in the Mustang Liniment are to old preparations; that Liniment being the result of great labor in chemical analysis, is the reason of the great superiority of the new preparation to old mixtures; and the immense sale of it proves how much it is valued by those who have used it, and know its virtues, in the cure of bruises, strains, stiffjoints, chapped hands, broken breast swellings or pains, in any part of the body.

A STRANGE THING.

Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, DR. A. L. ADAMS' LIVER BALSAM is fixing the gaze of thousands upon its sure, unvarying and surprising effects in the removal of disease. It promises and fulfills. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North the South, and from the East to the West. It is true! It is true!

FROM OUR NEW YORK CORRESPONDENT.

New York, March 13

[illegible] Sunday was the theatre of a man[illegible] anything I have ever witnessed, [illegible] for some two or three redeeming [illegible] would be most ominous—which [illegible] ignorance, is most ominous. A [illegible]—not worse, nor better than [illegible] of a long series of brawls [illegible] and his faction, and others of [illegible] another faction, was trampled [illegible] assassinated in the most brutal, cowardly [illegible] and pre-concerted manner, [illegible], all well-known as bullies [illegible] the city authorities and police, [illegible] carry out their purpose with [illegible], with what is now the pet instrument [illegible], the revolving pistol, a weapon [illegible] concealed and imminently deadly. [illegible] most blood-thirsty of the assassins was *arrested*, but that one has escaped [illegible] *connivance*, almost certainly [illegible] his former associates of the police [illegible] within a few weeks, he was [illegible]. The victim, after lingering [illegible] between life and death, finally sank, [illegible] his obsequies were celebrated, as [illegible] those of any public man in my [illegible] seen those of Jefferson, the two [illegible], De Witt Clinton, Webster, Clay.—[illegible] the streets of New York yesterday, [illegible] pageant, not less than *One Hundred Thousand People*—in the procession itself [illegible] *five or six thousand*, unarmed (except [illegible]) well-dressed, respectable looking [illegible] with plumed hearse and draped banners [illegible] music, and all the pomp of woe [illegible] department and "the outward [illegible]" only witness, the reality of grief. [illegible] of New York, born and living here, [illegible] long column in vain to find there [illegible] like public occasions [illegible] by public honors, or public [illegible] confidence; any eminent at the [illegible] or the Mechanic Arts—and [illegible] many of them familiar, the [illegible] *decorous and orderly*, and they [illegible] whole length of Broadway, from [illegible] the Battery, nearly two miles, [illegible], when the thronged thoroughfare [illegible] days was clear and unobstructed [illegible] omnibusses, nor private carriages [illegible] seen, through dense and continuous [illegible] each side, of as well-dressed, [illegible] apparently sympathizing men [illegible] city in the world holds—and [illegible] to the last stage in the long progress [illegible] ebullition of feeling, no clamor, [illegible] deep, nay almost a deadly concentration of interest and absorption of feeling [illegible] unspeakably that the very depths of the [illegible] heart were stirred.

[illegible] now what called forth this fearful, this all [illegible] demonstration? It was only the [illegible]—a man of violent and dissolute [illegible] however, without some traits of [illegible] manly feeling. But he was an American and the leader of the gang which assassinated [illegible] is an Irishman, and in the present [illegible] state of political feeling, this converted [illegible] gladiator into a demi-God, and the [illegible] of private feud and personal resentments, [illegible] martyr for his country. The deceased himself [illegible] to the affair when, with his expiring [illegible] almost be said: "I die a true American [illegible] by the Irish." He was an active [illegible] the new order, and consequently that [illegible] thus given and in all their [illegible] of their *regalia*, turned out at the [illegible] only just to say that a finer [illegible] men, young, orderly, of solemn [illegible] unmistakable respect and purpose [illegible] seen. They constituted the [illegible] procession and they are young mechanics [illegible] and workmen, earning their [illegible] honest labor and persistent industry [illegible] moved to such a demonstration as [illegible]. There must have been great [illegible] great abuse on the part of the foreign [illegible] population, before feelings such [illegible] crowd yesterday could have been [illegible] spread, or so deeply seated. Such wrongs undoubtedly there have been, but the responsibility for them lies far more at the door of [illegible] party leaders, and party men, [illegible] the foreigner. It is American [illegible] parties alike, who make up [illegible], as Irishmen, to Germans, as [illegible] Frenchmen, as French—and not to [illegible] what they ought to be, as what they [illegible] Americans. But the consideration of [illegible] away at present from my [illegible], though I may in a future letter [illegible] at some length.

[illegible] to the funeral. This American element [illegible] largely into the demonstration.—[illegible] was the redeeming element of the [illegible] manly impulse and feeling against [illegible] a murder. The victim [illegible] the fatal quarrel with marked [illegible] and the calmest courage. He perceived [illegible] the extent of his peril, and under [illegible] even to the tamest spirit, he [illegible] self-command, resolving not to [illegible] pretext, even by the most legitimate [illegible] defence, for the deadly attack of [illegible] saw before him all the evidence. But [illegible]—he kept his position like a brave [illegible], without flinching, the deadly aim [illegible]. There is fascination in bravery [illegible] the sporting-men, all the young [illegible] and multitudes of others, [illegible] appeared in the procession [illegible] far this may be regarded as a public [illegible] not the foul "damnation of his taking off"?

But then, what shall compensate for the inverting of all [illegible] notions of right and wrong—of [illegible] as self-rewarding, and of vice as self condemning—occasioned by such a pageant as that of yesterday? How shall we explain to our children to our young people who read of this remarkable demonstration (which emptied so many churches and disturbed many that it did not quite empty) the why and the wherefore of a murdered gladiator's funeral surpassing in all the emblems of respect and woe, the obsequies of men who have lived and died for virtue, for country and for God? It is a fearful question—nor can I yet think of the procession of yesterday, [illegible] and its possible consequences, without a shudder.

From Madison.

Abstract of Saturday Mornings Proceedings.

Madison, March 17.

SENATE—Mr. Gibson had leave to record his vote for the Temperance Bill, having been out taking his "regular whiskey." Mr. Rolfe had leave to record his vote against the bill.

Bills passed:

Relief of owner of school land certificate No. 88.

Amending the act concerning County Courts.

Providing an additional term of Circuit Court in Waukesha Co.

Providing for the Census.

Changing name of C. Adams.

Changing name of Franklin Fire and Marine Ins. Co.

Charter of Watertown Gas Co.

Charter of North Western Mining and Smelting Co.

Charter of Jefferson Institute.

Amending charter of Manitowoc and Calumet Plank Road Co.

Changing name of Muskego to Prattsburg.

Charter Rochester Seminary.

Amending the law organizing the State Prison.

Charter of Central Bridge Co.

Authorizing Watertown to aid a railroad.

Bill appropriating to John White was rejected, but reconsidered, debated and tabled.

ASSEMBLY—A resolution was introduced by Mr. Van Nostrand, for a committee to report a bill for disposing of the Swamp Lands. Lies over.

Mr. Ross, from Select Committee, reported a bill making all colleges in actual operation branches of the University, and distributing the fund. Also distributing 1-10th of the school fund to Academies.

Bills passed:

Providing for an additional term of Circuit Court in Waukesha Co.

Charter of Waucoma Academy.

Amending Chap. 41 R. S. concerning recording town plats.

Amending act for dam across Baraboo river.

The Temperance Bill came in from Senate, and after a flurry, a motion to suspend the rules to consider it was lost, 36 to 24, not two thirds.

A communication was read from Mr. Proudfit, Lunatic Asylum contractor, proposing to compromise.

After being in Committee, a bill passed to pay officers; and the subject of Joint Investigating Committees was made special order for Wednesday next.

THE NEW BOUNTY LAND ACT.—As a matter of interest to a good many of our readers in this State we publish this morning the new Bounty Land Act, with the circular and forms from the Commissioners' office, pointing out very clearly who are entitled to the benefits of the bill and what steps are necessary to obtain the warrants.

RESULTS OF THE "RECIPROCITY."—The Rochester *Union* notices that a number of Rochester Millers and wheat buyers are in Toronto operating. The *Globe* of March 14th says that $1 64 was paid for wheat on Saturday, the highest figures yet.

ROCHESTER MARKETS, Feb. 13.—Wheat comes in slowly; but we quote as before at 10s, and firm at these figures.

Flour has advanced 2s. and now sells at $11 00 for best Genesee, which is scarce. Most that is now offered is probably made from Canadian wheat.

Potatoes are a trifle higher, range from 6s to [illegible] in the streets.—[Union.

INDIANS AT WASHINGTON.—At Washington they have had a delegation, for the past month, of the Chiefs of the Chippewas and Winnebago Indians, who have just concluded a treaty for the disposal of their lands west of Lake Superior.—They had a interview with the President and Commissioner of Indians Affairs, on Friday week, when *Flatmouth*, a Pillager Chippewa, told the President "that two great men there met, that the whites were often accused of cheating the Indians, but that this time the Indians had cheated the Commissioner; for they had sold him a tract of land for a good deal of money, which was worth but little." At this the President and Commissioner laughed heartily, and Chiefs took their departure, well pleased with their interview with Great Father.

☞ The *News* of yesterday announces the withdrawal of DANIEL SHAW, Esq., the Associate Editor, who has received and accepted the appointment of Register of the Land Office in this city, and the accession, as part proprietor and editor, of Mr. CHARLES S. BENTON, late of Herkimer county, New York. Mr. SHAW has fairly earned, by long and faithful service, the office on which he exchanges the editorial chair, and will, we hope, find the exchange both pleasant and profitable. Mr. BENTON, who takes his place, is a genial gentleman, and brings with him, to his new Western home, all the *qualifications to make friends and fortune*. We wish him abundance of both.

BLUSTERING WEATHER.—Yesterday was a "raw and gusty" specimen of March weather. The wind blew stiffly from the west, and the air was filled with flurries of snow, alternating with occasional gleams of sunshine. The mercury was several degrees below freezing point, and the sleighing quite good, and but for the positive averments of the Almanac, nobody would have believed that it was the 19th day of March, the first month of Spring.

DESTRUCTIVE FIRE.—A great part of the village of Bath, Steuben County, New York, was destroyed by fire on Monday of last week. The fire was still raging when the Express messenger left, having swept off many of the buildings on Liberty and Orchard Streets.

The Beaver Dam *Republican*, an excellent democratic newspaper, has recently been enlarged to an eight column sheet.—[Fond du Lac Union.

The *Republican* is a good newspaper, but we cannot concur with the *Union* in styling it an "excellent *democratic*" paper, while its editor continues his sympathy with law-violators, and aids in propagating the pestilential heresies of abolitionism.—[News of yesterday.

Clearly not. None but those who believe in the "peculiar institution"; swear by "Pierce and Nebraska" and sustain the Fugitive Slave Act have any right or title to the name of *Democrat*! All these are *bogus*—so say, at least, the leaders and organs of the "National Democratic" Party.

☞ "Dr. Castleman, the new Regent, the *Sentinel* says, is a Republican. That may be, but he is one of the *rational* sort.—*Wisconsin.*

Unquestionably he is, as are most Republicans! Having corrected its blunder as to Dr. Castleman, we suggest to the *Wisconsin*, that it now do the same by Mr. N. W. Dean, whom it set down as a "democrat."

"KNOW NOTHING" SYMPTOMS.—The *Wisconsin's* semi-occasional Madison correspondent, the editor of the Madison *Democrat*, thus hurrahs over New Hampshire:

Metcalfe, the Governor elect, was formerly clerk of the House—a staunch Democrat, and an inveterate enemy of the Pierce administration.—His opposition to Pierce & Co. nominated and elected him; *nine cheers for the unterrified democracy of the old Granite (my native) State.*

Are "Barstow and the Balance" going to try the "Know Nothing" dodge? !

WHAT A SPRING.—To-day is the 19th day of March. The air is bleak and wintry, and the sleighing is good. On Saturday, runners would slip as well as any day during the past winter. *Wisconsin* was never before known to have good sleighing so late in the Spring.—Wisconsin.

Twelve years ago, on St. Patrick's day, the snow lay two or three feet in depth and the mercury marked three or four degrees *below* zero, in what was then the little village of Milwaukee.

The News should also bear in mind that Mr. Cross, the Mayor elect, was known to have no better opinion of Pierce than the honest democrats of New York or New Hampshire.[—Wisconsin.

Does the *Wisconsin* intend by the "honest democrats" those who stuck to the party and voted for the "regular ticket," or those who bolted and voted for the Know-Nothing, Whig, or Free-Soil nominees?

NEW ROUTE.—Mr. Lewis J. Day, who has just returned from the east, where he has been making arrangements for boats the coming season, informs us that two first class boats will be put on the route, as soon as navigation opens, between this city and Collingwood.—[Green Bay Advocate.

THE NEW BOUNTY LAND ACT.

PENSION OFFICE, }
WASHINGTON, March 5, 1855. }

The act entitled "An act in addition to certain acts granting bounty land to certain officers and soldiers who have been engaged in the military service of the United States," approved March 3, 1855, entitles each of the surviving persons in the following classes to a certificate or warrant for such quantity of land as shall make, in the whole with what he may have heretofore received, one hundred and sixty acres, provided he shall have served a period of not less than fourteen days, and shall establish said service by record evidence, to wit:

1. Commissioned and non-commissioned officers, musicians, and privates, whether of the regulars, volunteers, rangers or militia, who were regularly mustered into the service of the United States in any of the wars in which the country has been engaged since 1790.

2. Commissioned and non-commissioned officers, seamen, ordinary seamen, marines, clerks, and landsmen in the navy of said wars.

3. Militia, volunteers and State troops of any State or Territory called into military service, and regularly mustered therein, and whose services have been paid by the United States.

4. Wagonmasters and teamsters who have been employed, under the direction of competent authority, in time of war, in the transportation of military stores and supplies.

5. Officers and soldiers of the revolutionary war.

7. Chaplains who served with the army in the several wars of this country.

7. Flotilla-men who served the war of 1812.

Each of the surviving persons in the following classes are entitled to a like certificate for for a like quantity of land, without regard to the length of service, provided he was regularly mustered into service, and shall establish the same by record evidence, to wit:

1. Officers and soldiers who have been actually engaged in any battle in any of the wars in which this country has been engaged.

2. Those volunteers who served at the invasion of Plattsburg, in September 1814.

3. The volunteers who served at the battle of King's Mountain in the revolutionary war.

4. The volunteers who served at the battle of Nickojack against the confederated savages of the South.

5. The volunteers who served at the attack of Lewiston, in Delaware, by the British fleet, in the war of 1812.

In addition to these classes, this act also extends to all Indians who have served the United States in any of their wars the provisions of this and all the bounty land laws heretofore passed, in the same manner and to the same extent, as if said Indians had been white men.

Where the service has been rendered by a substitute, he is the person entitled to the benefit of this act, and not his employer.

In the event of the death of any person who, if living, would be entitled to a certificate or warrant as aforesaid, leaving a widow, or, if no widow, a minor child or children, such widow, or if no widow, such minor child or children, is entitled to a certificate or warrant for the same quantity of land such deceased persons would be entitled to receive under the provisions of said act, if now living.

A subsequent marriage will not impair the right of any such widow to such warrant, if she be a widow at the time of her application.—Persons within the age of twenty-one years on the 3d of March, 1855, are deemed minors within the intent and meaning of said act.

To obtain the benefits of this act, the claimant must make a declaration, under oath, substantially according to the forms hereto annexed.—The signature of the applicant must be attested, and his or her personal identity established by the affidavits of two witnesses, whose residence must be sustained by the certificate of the magistrate before whom the application is verified.

No certificate will be deemed sufficient in any case, unless the facts are certified to be within the personal knowledge of the magistrate or other officer who shall sign the certificate, or the names and places of residence of the witnesses by whom the facts are established be given, or their affidavits, properly authenticated, be appended to the certificate.

The official character and signature of the magistrate who may administer the oath must be certified by the clerk of the proper court of record of his county, under the seal of the court.—Whenever the certificate of the officer who authenticates the signature of the magistrate is not written on the same sheet of paper which contains the signature to be authenticated, the certificate must be attached to said paper by a piece of tape or ribbon, the ends of which must pass under the official seal, so as to prevent any paper from being improperly attached to the certificate.

Applications in behalf of minors should be made in their names by their guardian or next friend. Where there are several minors entitled to the same gratuity, one may make the declaration. The warrant will be issued to all jointly. In addition to proof of service, as in other cases, the minor must prove the death of his father, that no widow survives him, and that he and those he represents are the only minor children of the deceased.

If a party die before the issue of a warrant to which he would be entitled, if living, the right to said warrant dies with him. In such case, the warrant becomes void, and should be cancelled, and the party next entitled in right of the service claimed should make an application; and if there be no such party, the grant lapses under the limitation of the beneficiaries to the bounty. If the claimant die after the issue of the warrant, the title thereto vests in his heirs at law in the same manner as real estate in the place of the domicile of the deceased, and can only be assigned or located by said heirs.

Applications made by Indians must be authenticated according to the regulations to be prescribed by the Commissioner of Indian Affairs.

Commissioner of Pensions.

CITY MATTERS.

Police Court—March 19.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

CROSS SWEARING.—A man named John Lundy was tried for an assault and battery on Edward McGrath on the 14th March, and acquitted. The complainant's witnesses testified to a most brutal attack (if true) by Lundy upon McGrath with a hand-saw. The face of the complainant had been cut and slashed with some weapon; these witnesses stating that McGrath at the time he was attacked had a drawing-knife in his hand, and told Lundy that he could cut his head off, but that he was an old man and had pity on him, and that McGrath ordered Lundy to leave his premises before a blow was struck. The defense then called a witness, who testified that McGrath struck the defendant first, two blows with the drawing-knife, knocking defendant down. The court stated the evidence was *too* conflicting to permit a conviction; there was a *reasonable* doubt at least, and the defendant was entitled to the benefit of it, and must be discharged.

A warrant was issued against Christian Riemenshneider *for assault and battery upon* August Riemenshneider on the 18th of March. The defendant was in jail arrested by officer Kessler.

In the afternoon the defendant was tried and being found guilty, was fined ten dollars and costs.

A warrant was issued against Thomas McIntyre, for an assault and battery upon Margaret Powderly on the 17th of March. The defendant was arrested in the afternoon and taken to jail by officers Lienhart and Meyers.

Fire Department Election.

The Annual Election of Chief Engineer, Assistants and Fire Wardens of the Milwaukee Fire Department came off last evening at Young's Hall. There was a very full turn out of the members, and a spirited contest for Chief Engineer, two ballots being required to effect a choice. The officers selected for the current year are—

Chief Engineer—S. S. DAGGETT.
1st Asst.—J. C. Goodrich.
2d do —Jos. Sprague.
3d do —E. H. Greenleaf.

Fire Wardens.

FIRST WARD—R. O. Jacks, N. Ludwig.
SECOND WARD—Chas. Chichester, L. N. Dewey.
THIRD WARD—Frank Davlin, John H. Ryan.
FOURTH WARD—Chas. Bierbach, T. Reed.
FIFTH WARD—R. Eddy, D. F. Tompkins.

CASE OF DESTITUTION.—A girl about seventeen years of age, a German by birth, was found by officer Kessler sitting on the steps of a door about 3 A. M. yesterday and taken to jail. The officer states that she was nearly frozen and that as far as he knows, has no relative in the city, and is destitute of any home and has slept in the streets for several nights.

MUSICAL SOCIETY CONCERT.—Our Musical Society give another of their popular concerts at Young's Hall *this* evening. The programme will be found in our advertising columns. Members can obtain their tickets and pay their dues, at NIEDECKEN'S, next door north of the post office, or POST BROTHERS. Those desirous of becoming members, can apply at the same place. Our Musical Society is one of those home institutions which deserve the liberal support of the people.

NEW MAP OF OUR COUNTRY.—We saw yesterday a new, large and handsomely colored map of North America, upon a canvass six feet square, conveniently mounted for hanging up in School-Rooms, Offices, and Libraries, compiled from the best authorities by Gaston & Johnson, and embracing very complete statistics of the United States. A cursory inspection impressed us very favorably with the arrangement and execution of this map. The Agent, Mr. A. N. DYER, is now canvassing our City and County for subscribers, and *as no* copies can be had except *from him, those who wish a good map* of the United States will do well to profit by this opportunity *of obtaining one.*

NEW PUBLICATIONS.—Archibald Wilson, at 175 East Water Street, is in receipt of a number of new publications and among them No. 4 of "Harper's Story Books," a very popular work with the little people.

WOOD.—The severe storm of yesterday had a sensible effect upon the wood market. Wood which on Saturday of last week could have been bought for $3 per cord, sold for from $4,75 to $5. The price of sawing also went up in proportion.

DISTINGUISHED DEPARTURE.—The old Steam Engine and boiler that have run the presses connected with the *Sentinel* office for several years left on the cars yesterday morning for the interior, to be *set up* and let off steam; we hope to as good purpose, and as regularly and faithfully as when in the *Sentinel* office.

NEW STORE—NEW GOODS.—Messrs JACKSON & LUXTON open the new and elegant store, 146 U. S. Block, on Thursday next, with a large and choice stock of Spring Goods. See their advertisement.

☞ The Steamer *Superior* returned from the north yesterday, and ran into the mouth of the river, where she was still lying last evening.

☞ *No* boat *from Chicago* yesterday, the wind blowing hard all day and at times rising to the dimensions of a small hurricane.

For the Sentinel.

Paupers from Abroad.

In the *Sentinel* of the 19th, under head of "Police Court," is noticed a case of a woman, with a young child, soliciting alms; and upon enquiry, it was found that this woman had been sent to Milwaukee from Chicago, free of charge, or that the passage money had been supplied her. If the statements of such persons are to be relied upon, there have been at least *one hundred* such cases within the last nine months, applying for aid at the Office of Superintendents of Poor—sent here (according to their stories) from other cities, their passage money being supplied them. The suggestions of the *Sentinel*, that the authorities should look to this matter, ought not to be overlooked. X.

A BIG FISH STORY.—Speaking of fish, we learn that Geo. Pease, of Green Island, [opposite Menomonee,] caught, in *one day, last week*, with *one hook and line*, seven hundred and ninety-one fish, trout. If any of our fishermen can beat that, they can take Mr. Pease's best hat, and he will try again.—[*Green Bay Advocate.*

COMMERCIAL.

REVIEW OF THE MARKETS,

FOR THE WEEK ENDING MARCH 20th

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, March 20, 1855. }

RECEIVED BY RAIL ROAD, DURING THE WEEK—12,805 bus wheat, 1,034 do barley, 482 do rye, 341 do corn, 259 do oats, 1,555 bbls flour, 48 do highwines, 28 do pork, 126 hogs, 20 tons *pig iron*

The state of the weather and the condition of the roads during the past week, has restricted receipts of produce and though the market has not undergone any material variation, transactions have been limited. The principal changes since our last Weekly Review are in Wheat and Barley, which have slightly declined whilst Rye, Oats and Corn are somewhat higher. The weather continues wintry and we have had one or two snow-storms, of very respectable dimensions, during the week. This is all propitious, however, to the winter grain, which is in the finest possible condition and promises an exuberant yield. Our River is still clogged with ice, but the Lake is open and navigation has been resumed; the first steamboat from Chicago arriving here on the 15th inst., 13 days later than last year. It is not supposed that the Straits at Mackinac will be open till late in April, or that vessels from Buffalo can get round here before May. The season will open with high freights, since there is a large accumulation of Grain, Flour and Pork at the different *ports* on Lake Michigan, ready to go forward, and a limited number of vessels here to take it.

At Detroit, the *Democrat* reports in store there, 60,000 bbls Flour, 13,500 do Beef, Pork and Lard, 66,514 bush wheat, 68,000 do Corn, 35,000 do Oats. At the ports on Lake Erie, there is *little or nothing to go forward*, Cleveland, instead of exporting, being obliged to import Breadstuffs for home consumption this Spring. On Lake Ontario, a brisk business is anticipated in consequence of the Reciprocity Act, and large quantities of Canadian Wheat and Flour are already finding their way to the New York Market and the Rochester Mills.

Much speculation is afloat as to the effect of the recent foreign news upon the Breadstuff market. Many see in the death of the Emperor of Russia the sure precursor of Peace, while others regard Peace as still remote. It is not likely, however, in either event, that the New York Market will have undergone a very great change before next harvest, since the supply in this country is barely sufficient to meet the demand, and high prices are likely to endure some time longer, whether the Foreign demand ceases, or continues.

The New York Money Market is still improving.—Stocks are rising steadily, money is abundant at reasonable rates, and Rail Road securities are once more negotiable. As an evidence of this, we learn that the Green Bay, Milwaukee & Chicago R. R. Company have just succeeded in negotiating their first mortgage bonds $400,000, *on favorable terms.*

The Western Rivers are all open and rising rapidly, and it is reported that the Illinois Canal will be opened in a very few days. An active business season is anticipated. We note the leading features of our market.

FLOUR—About 2100 bbls have been manufactured at the Mills and 1500 were received by Rail Road during the week. Market quiet and unchanged,

WHEAT—Prices for inferior and good spring have given way a little since last week while prime white winter, which is scarce, remains very firm. The range has been 1,28a1,32 for club, 1,35a1,42 for red winter, 1,45a1,50 for white.

BARLEY—Demand not so active and ordinary qualities difficult of sale at over 90a93 cents. Some prime lots have brought 98a1,00.

OATS—Scarce and much wanted, 38a40 cts being freely paid by retail dealers.

RYE—Continues in good demand at steady rates, with sales of small lots at 87½a92.

CORN—Very moderate receipts and readily taken at 48a53 cts,

PORK—What few hogs come in are mostly taken for butchers' use and $4,75a5,00 paid for fair to good ones. Mess is held firmly at $13,00.

BEEF—Good fat cattle meet with ready sale at $4,50 per hundred on the hoof, and are scarce. Mess beef is worth $12,00

Mexican Mustang Liniment.

The new discoveries and new affinities that medical chemistry is constantly adding to medical science and the healing art, show conclusively how greatly superior the new combinations in the Mustang Liniment are to old preparations; that Liniment being the result of great labor in chemical analysis, is the reason of the great superiority of the new preparation to old mixtures; and the immense sale of it proves how much it is valued by those who have used it, and know its virtues, in the cure of bruises, strains, stiff joints, chapped hands, broken breast swellings or pains, in any part of the body.

A STRANGE THING.

Falsehood in these days is not strange. Imposition and fraud are not strange. But honesty and truth, especially in speculative business are wonderful. For this reason, DR. A. L. ADAMS' LIVER BALSAM is fixing the gaze of thousands upon its sure, unvarying and surprising effects in the removal of disease. It promises and *fulfills*. It promotes excretion in unison with nature's own efforts, and thus expels the very impurities which, being retained generate disease. This compound is considered by those who have used it the greatest medical discovery known. Its praise is declared from the North the South, and from the East to the West. It is true! It is true!

RHODES' FEVER AND AGUE CURE, OR, NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have ANOTHER CHILL, by continuing its use according to directions

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade

Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country

Insurrection in Australia--Terrible Shipwreck.

Boston, March 17.

The Royal Mail Steamship *Africa* reached her dock in this city at 7 A M

Our files of English papers contain but little of importance in addition to that via Halifax. The London Morning *Herald* of the 1st inst has the following despatch from Trieste

Despatches announce that the people of Australia have risen and *declared their independence.* Troops were sent to put down the insurrection, and sanguinary engagements had been fought—Melbourne was in a state of siege

This news has, of course been received by the over-land mails, and refers to the disturbance at the diggings. The Australia dates are not given.

The *Constitutionel* says we have received confirmation of the sad news which has been for 10 days about Paris. The Frigate, lost in the Straits of *Bonifacio* is the *Semillante which recently left* Toulon, with 400 soldiers on board. The vessel struck *on one of the rocks in* that *passage* and immediately filled. The crew and passengers, *making a total of 700, all perished*

No other details have been received of this calamity, the loss created the most painful sensation in Paris. 700 men have perished, together with a vast quantity of cannon, mortars, and gun powder, nothing saved and all that has been washed ashore, as far as known to the Government are two pair of trowsers. The *Semillante* was going East

LATER FROM CALIFORNIA.

Heavy Failures---Business Entirely Prostrated!

New York, March 19

The *Northern Light* arrived to-day with San Francisco dates to February 25th, and 232 passengers. She brings highly important news. Business was entirely prostrated by the suspension of five Banking Houses. The run commenced on Page, Bacon & Co on the 17th. On the 22nd they suspended, followed on the 23rd by Adams & Co, Wells, Fargo & Co. Robinson & Co and Miners' Deposit Bank. The excitement was intense. Wells, Fargo & Co paid as long as their coin lasted, or they could get any in exchange for gold dust and bars. They announce that they will resume in a month. Their failure in no way affects American Express Company here. Page, Bacon & Co were also expected to resume in a few days. Other failures rumored. Gold scarce on account of scarcity of rain

No election for U S Senator. Joint Convention adjourned *sine die* on the 16th by a vote of 66 to 44

Several fires had occurred in San Francisco, *Nevada and Stockton. Indian troubles were on* the increase

Olympia had been declared the Capitol of Washington Territory.

Australia dates to December 20th report a severe conflict at the Ballarat mines, in which 12 miners and 22 of the troops were killed

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the system adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues those important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estimation than worldly property

While the representative of a family lives, (although, through neglect to insure his *property,* he become a bankrupt,) he supports *his family*, but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual sum, the payment of which has not diminished his own worldly comforts during life

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should assure*

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

Mustang Liniment and the Ladies.

In our opinion, nothing is above the comprehension of woman; and with less prejudice, more liberality, and much keener perception than men, when a new idea is presented, a new doctrine taught, or a new fact asserted, she grasps it at once, and with the rapidity and clearness almost of instinct, decides upon its merits or truthfulness, and if her decision be favorable, she enthusiastically advocates and supports it. Thus the common saying has obtained—"Once get the women on your side and you are safe," and we are happy to state that we have the ladies all in favor of the *Mustang Liniment.* They have tried it for Caked Breasts, Sore Nipples, Sores, Chafes, and Burns on Children, as well as for Croup and Mumps—Also, for Corns, Tooth ache, pains in the limbs and joints, sore eyes, Eruptions, Cuts and Bruises—and they have always found it effectual—and they go about like angels as they are, proclaiming it to their friends and to all they see or hear tell of, who are suffering. We have daily calls for it by persons who say such and such ladies recommended them to try it. Go on ladies in your "good Samaritan" work, and thousands will bless you for your timely advice

Insurrection in Australia--Terrible Shipwreck.

Boston, March 17.

The Royal Mail Steamship *Africa* reached her dock in this city at 7 A M

Our files of English papers contain but little of importance in addition to that via Halifax The London Morning *Herald* of the 1st inst has the following despatch from Trieste

Despatches announce that the people of Australia have risen and *declared their independence* Troops were sent to put down the insurrection, and sanguinary engagements had been fought —Melbourne was in a state of siege

This news has, of course been received by the over-land mails, and relates to the disturbance at the diggings The Australia dates are not given.

The *Constitutionel* says we have received confirmation of the sad news which has been for 10 days about Paris. The Frigate, lost in the Straits of Bonifacio is the *Semillante* which recently left Toulon, with 400 soldiers on board The vessel *struck on one of the rocks in that passage and* immediately filled The crew and passengers, *making a total of 700, all perished*

No other details have been received of this calamity, the loss created the most painful sensation in Paris 700 men have perished, together with a vast quantity of cannon, mortars, and gun powder, nothing saved and all that has been washed ashore, as far as known to the Government are two pair of trowsers. The *Semillante* was going East

Wells, Fargo & Co paid as long as their coin lasted, or they could get any in exchange for gold dust and bars They announce that they will resume in a month Their failure in no way affects American Express Company here. Page, Bacon & Co were also expected to resume in a few days Other failures rumored Gold scarce on account of scarcity of rain

No election for U S Senator Joint Convention adjourned *sine die* on the 16th by a vote of 66 to 44

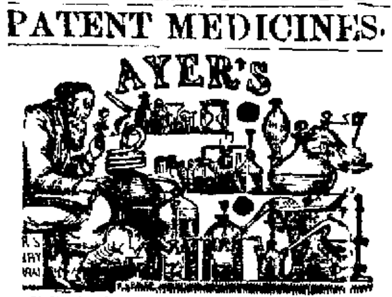
PATENT MEDICINES.



AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use but we would present the following, and refer further enquiry to my American Almanac, which the Agent below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug 4 '53

Dr. J. C. Ayer. Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever. His throat was rotten, and every person that visited him pronounced him a dead child. Having used your Cherry Pectoral, in California, in the winter of 1850 for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A sense of the deep gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 1, 1852.

Dr. J. C. Ayer.—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 6, 1853.

Dr. J. C. Ayer—Sir—This is to certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1853.

Dr. J. C. Ayer—My dear Sir—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEXICAN MUSTANG LINIMENT.

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to thrill again with joy!

Use the Mustang Liniment.

Is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have tried it. It not only cures the complaint but appears to give vigor and elasticity to the limbs, before unknown, thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind gall, big head, [illegible], bruises, strains, string halt, scratches, cracked heels, [illegible], and the collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small,
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

THE AMERICAN'S FRIEND

HOLLOWAY'S PILLS.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, *Corner of Ann and Nassau Streets, New York.*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS.

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World at a certain period lose their health and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, *of Astor House, New York,* suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of the Bowels
Consumption
Debility

Dropsy
Dysentery
Erysipelas
Female Irregularities
Fevers of all kinds
Fits
Gout
Head ache
Indigestion
Inflammation
Jaundice

Liver Complaints
Lumbago
Piles
Rheumatism
Retention of Urine
Scrofula, or King's Evil
Sore Throats
Stone and Gravel

Secondary Symptoms
Tic Douloureux
Tumours
Ulcers
Venereal Affections
Worms of all kinds
Weakness from whatever cause, &c.

** SOLD AT THE ESTABLISHMENT OF PROFESSOR HOLLOWAY, 80 Corner of Ann and Nassau streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Boxes, at 37½ cents, 87 cents and $1 50 cents each. MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

Brooklyn, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma, for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—try it.

CONSUMPTION CURED.

New York, Dec 27th, 1853.

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No 40 Cortlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to Boyd & Paul, or Curtis & Perkins, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, or four packages for $10. feb1 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London and the recipient of diplomas from the *Lying Institute of Edinburgh,* and *Hotel des Invalides of Paris,* having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and Scotland, as well as other parts of Europe, with Consumption *in all its forms,* enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say *to the afflicted* that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested, that he has had manufactured, *for the use of his patrons,* his *Patent Inhaling Tubes,* through which the vapor is conveyed to the parts affected, and which he earnestly recommends *for the cheering results* which have attended their use; and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward *one of the Inhaling Tubes,* together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, *Bronchitis, Asthma,* and all other *affections of the Throat, Lungs* and Air Passages. In case of failure, the money will be returned.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immersed in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the attention of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, *Dyspepsia, General Debility,* Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of a doubt that it is the only reliable medicine ever discovered (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the nature and cure of disease, and certificates of those who have tested its unparalleled efficiency over the diseases to which we are all subject.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further inquiry to my American Almanac, which the Agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4 '53

DR. J. C. AYER. Dear Sir,—My little son, four years old has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs, I believe it is the best medicine extant. A sense of my deepest gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 1, 185[illegible]

DR. J. C. AYER.—Since your medicine has become known here it has a greater demand than any other [illegible] remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the least they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 6, 18[illegible]

DR. J. C. AYER—Sir: [illegible] your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law
Wilkesbarre, Pa., Sept. 28, 18[illegible]

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers are frightful sores are healed,
The unstrung nerves are made to thrill with joy!

Use the Mustang Liniment.

It is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it.

It not only cures the complaint but appears to give vigor and elasticity to the limbs, before unknown, thus performing a double office.

For contractions of the limbs, stiffness of the joints, and muscles hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a radical cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for sprain, splint, ring bone, fistula, wind gall, big heads, bruises, strains, string halt, scratches, cracked heels, sweeny, and lo, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium.

Therefore the largest bottles are the cheapest.

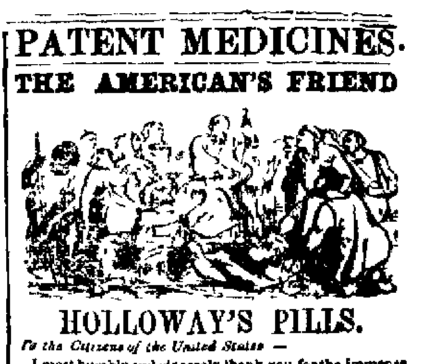
THE AMERICAN'S FRIEND



HOLLOWAY'S PILLS.

To the Citizens of the United States—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York.
THOMAS HOLLOWAY,
38, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World at a certain period lose their health and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy state, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the fluid, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Douloureux
Bilious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from whatever cause, &c.
Consumption	Indigestion	Stone and Gravel	
Debility	Inflammation		
	Jaundice		

Sold at the ESTABLISHMENT OF PROFESSOR HOLLOWAY, 80 Corner of Ann and Nassau streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States in Boxes, at 37½ cents, 87 cents, and $1 50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

MEDICATED INHALATION
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

Brooklyn, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

New York, Dec 27th, 1853.

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Courtlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to Boyd & Paul, or Curtis & Perkins, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, or four packages for $10. feb1 1yd&w

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lying Institute of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk!"

Dr. TRIST would say to those interested, that he has lately manufactured, for the use of his patrons, his Patent Inhaling Tubes, through which the vapor is conveyed to the parts affected, and which he earnestly recommends for the cheering results which have attended their use; and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned.
